

THE 72-HOUR BLACKOUT PROTOCOL

CHRONOLOGICAL ACTION SEQUENCE & VERIFIED HARDWARE LOADOUT FOR URBAN / SUBURBAN HOME

MINUTE 0 TO 60

IMMEDIATE STABILIZATION (BEFORE WATER PRESSURE & CELL TOWERS DROP)

- ☐ 1. Capture 100 Gallons of Municipal Water Immediately (WaterBOB Bladder) [bladderz-bathtub-waterbob-100gal](#) (\$39.95)
Electric booster stations lose pressure within hours. Line standard bathtub & fill 100 gal in 20 mins.
- ☐ 2. Deploy 7-Band NOAA Solar Hand-Crank Weather Radio + 10,000mAh Bank [noaa-crank-radio-10000mah](#) (\$34.99)
Cell site backup batteries drain in 4-8 hrs. Lock onto 24/7 NOAA emergency channels & preserve phone battery.
- ☐ 3. Switch Critical Medical / Comms Gear to Silent LiFePO4 UPS Power [ecoflow-river3-solar-bundle](#) (\$299.00)
Never run gas generators indoors. Plug CPAP, Wi-Fi router, and phones into indoor LiFePO4 solar unit.
- ☐ 4. Stage 0.01-Micron Personal Water Filter Straws at Every Sink & Go-Bag [ecoflow-fiber-water-straw-4pack](#) (\$24.99)
Each hollow-fiber straw filters 1,000+ gallons (99.9999% bacteria/protozoa) — replaces 3,000 plastic bottles.

HOURS 2 TO 24

COLD-CHAIN PRESERVATION, THERMAL SHELTER & OFF-GRID COMMS

- ☐ 5. Transfer Refrigerator & Deep Freezer to 2048Wh+ LiFePO4 Solar Generator [bluetti-ac200l-solar-kit](#) (\$1,599)
An unopened freezer holds 24-48 hrs. A 2,048Wh-3,600Wh LiFePO4 station + solar array saves \$800+ of food.
- ☐ 6. Stage Thermal Mylar Bivvy Sacks + Waterproof Dual-Arc Plasma Igniter [bluetti-plasma-arc-bivvy-bundle](#) (\$22.99)
Indoor temperatures drop rapidly during winter grid failures. Aluminized PE bivvy retains 90% body heat.
- ☐ 7. Activate Off-Grid Two-Way Satellite Communicator (Iridium Network) [garmin-inreach-mini2-satcomm](#) (\$399.99)
When regional fiber & cellular towers go dark, text family and share GPS via Garmin inReach Mini 2.

DAYS 2 TO 30

CALORIC SUSTAINMENT & AIR / HAZMAT PROTECTION

- ☐ 8. Audit 2,000+ Calorie/Day Freeze-Dried Food Reserve (25-Year Shelf Life) [shermansday-emergency-food-supply](#) (\$247.00)
Supermarkets hold 72 hours of buffer stock. Keep two sealed 4-week ration buckets (60,000+ kcal) per adult.
- ☐ 9. Stage CBRN Full-Face Respirator + 40mm NATO Filter & Potassium Iodide [shermansday-safety-cm6m-tactical-mask](#) (\$259.99)
Protects eyes and lungs against industrial plumes, smoke, and particulates where paper N95 masks fail.
- ☐ 10. Whole-Home 3,600Wh Split-Phase Solar Backup (High-Ticket Anchor) [ecoflow-delta-pro-home-backup](#) (\$2,399)
Expandable home backup for well pumps, HVAC blowers, and full kitchen circuits with 400W solar input.

COMPLETE STARTER BUNDLE UNDER \$85 (TIER 1 FLASH KIT):

Combine Item #2 (\$34.99 NOAA Solar Radio) + Item #4 (\$24.99 4-Pack Water Straws) + Item #6 (\$22.99 Plasma/Bivvy Kit) = \$82.97
